DEMOLITION HAMMER 6KG - 12J SDS MAX

VIMDM612

VITO's 1350W Demolition Hammer (VIMDM612) with 12 Joules of impact energy was designed for demolition and chiselling work on masonry and concrete. With two functions, demolition and chisel position adjustment, this hammer allows you to carry out a wide variety of tasks, from small demolitions to more demanding demolitions in concrete and masonry. Weighing just 6kg, it displays an excellent balance between lightness and power, allowing you to use it at height and in hard-to-reach places. The 3-metre power cord gives you greater mobility when working.

Key features

- > 2 functions: demolition and chisel position adjustment;
- > Comfort and control: The ergonomic handles and the damping system reduce vibrations and increase user comfort;
- > SDS MAX: It allows for quick and safe changes of drill bits and accessories, reducing downtime between tasks;
- > Versatility: Ideal for less intensive renovations and demolitions, thanks to its excellent power-to-weight ratio.

Specifications

Drill chuck	SDS-Max
Functions	2
Impact energy	12 J
Impact frequency	0 - 2900 ipm
Motor type	Carbon brushes
Power cord	3 m
Rated power	1350 W
Sound power level (LWA)	103 dB
Sound pressure level (LPA)	94 dB
Supply voltage	230V AC 50Hz
